

Bachelor of Science in English Education Program Closure

In Summer 2009, the FIU Board of Trustees approved the closure of the Bachelor of Science in English Education effective fall 2009.

INTENDED MAJORS:

If you have already taken a number of English Education classes but you are still listed as **an intended major/pre-education** because you have not completed one requirement (for example, GPA, Core, CLAST), you will need to complete the following in order to continue into the upper division of the English Education program:

Satisfy your missing Lower Division requirement(s) by December, 2009

Apply for admission to Upper Division no later than December, 2009

Complete degree requirements by the end of the Spring semester 2012

To assure that you complete all of your degree requirements in a timely fashion, please contact the COE Advising Center by e-mail at coeadvis@fiu.edu or by calling 305-348-2768.

ADMITTED MAJORS:

Arrangements have been made to make it possible for **students who are currently admitted to the program**, to be able to graduate provided that degree requirements are completed by the end of the Spring semester 2012.

To assure that degree requirements are completed in a timely fashion, please schedule a meeting with your program advisor.
